The question of the abolition of the Port. Female Hospital at Hassan is yet open, and no account can therefore be taken of the possible saving of Rs 1,200 per annum. The point for consideration is not merely one of Ways and Means but involves also the increase or recurring expenditure to the State if the proposals of the Senior Surgeon are to be sanctioned the District Board and the Municipality, Hassan having only agreed to contribute Rs 200 each per annum.

Considering the benefits derived by the people of Hassan from the Estabt of the new Hospital, it seems reasonable to make some Contribution towards its working expenses. At the same time the fact that the Govt maintain at Hassan, a Hospital where medical aid is given to all, including women & children, besides Contributing to the Local Fund Dispensary at the same place, meant Specially for women & children is one, which has to be borne in mind in fixing the amount of Grant-in-aid. Another fact also to be remembered is, however useful hitherto an expenditure may be, it is Subject to financial limitations and as the expenditure under 'medical' is already Comparatively large, the margin for further addition to permanent expenditure under this head is small. The exact amount of building Contribution and the monthly Grant-in-aid, that may be paid, may perhaps be considered in Connexion with the Budget for the next year—

The Revd. Mr. Newham of the Wesleyan Mission, Hassan, has applied for a building grant of Rs. 20,000 and a ~~recurring~~ maintenance grant of Rs.200 per mensem, towards the upkeep of the new Hospital for women and children, recently built by the Mission at Hassan.

In this connection the question of abolishing the existing Government Hospital for women and children was also considered; but as it is understood that the townspeople of Hassan are opposed to its abolition and as it meets a real want, this idea may be given up.

The question what contribution might be made from the State Revenues to the new Hospital was reserved for consideration at the time of the Budget. On account of other demands, it has not been found possible to provide for any grant to this Institution in this year's Budget. It is proposed to inform the Revd. Mr. Newham accordingly.

The Municipal and District Boards have resolved to contribute Rs.200 each per annum for the

maintenance of the Hospital. The payment of this amount from the Municipal and District Funds may be sanctioned.

THE CHIEF SECRETARY to the Government of Mysore,

SEC

Sir,

I have the honour to send you herewith the tracing of the ground plan of a Hospital for Women & Children, which is being erected by the Wesleyan Mission in Hassan. The late Rev. Ernest W. Redfern, who for many years laboured in Hassan as a Missionary, was deeply impressed with the fact that very scanty provision was made in Hassan for the medical needs of women and children, and the total absence of such provision in the surrounding villages. He therefore projected the erection of a Hospital and Dispensary, and during his furlough in England, so interested his friends and the supporters of the Wesleyan Missionary Society in the scheme, that they contributed a sum sufficient to begin the erection of the building. But soon after Mr Redfern's return from furlough, and before he could resume his work at Hassan, he died in Bangalore. It was decided to proceed with the noble undertaking, making it a memorial of the devoted Missionary who had devised the plan, but had not been able to carry it out.

Accordingly a site was purchased from the Municipality in a most suitable locality, and after consultation with the Chief Medical Officer of the Mysore Government and inspection of Hospitals elsewhere, the plan, of which a tracing is now submitted, was drawn up. In addition, a plan was prepared for a bungalow to accommodate two Lady Doctors, but I have not thought it necessary to send you a tracing of that.

You will observe that provision is made for a well-equipped Hospital with accommodation for at least twenty-four beds.

The foundation stone was laid by Col. John Smyth on the 19th December 1905, and the Dispensary Block, the Lady Doctors' bungalow, the Nurses' Quarters, Outhouses etc, are now completed, and Out-patient work will be commenced this month. The remaining portions of the buildings will be proceeded with as soon as possible.

Dr. Enid Smith, the daughter of Sir George Smith, of Truro, has taken charge of the work. Dr. Smith holds the degrees of M.B.; B.S.; of London. She has already been a year in the country diligently learning Kanarese, to enable her to deal directly with the patients. We have also made arrangements for the services of qualified nurses and for the training of pupils.

The estimated expenditure is as follows :-

Site	500-0-0
Dispensary Block	10,400-0-0
Lady Doctors' Bungalow	9,000-0-0
North Wing - Ward & Maternity	9,000-0-0
Nurses' Quarters	1,500-0-0
South Wing - Ward & Operating Theatre	10.000-0-0
Kitchens & Latrines	800-0-0
Mortuary	200-0-0
Walls, Gateways etc.	600-0-0
	42.000-0-0
Furniture	4.300-0-0
Instruments	1.200-0-0
TOTAL RUPEES	47.500-0-0

A careful estimate has been made of the monthly expenditure which will have to be incurred for the efficient working of such a Hospital, and we calculate that, including the salary of the Lady Doctor, it will amount to Rs 733 a month.

I have the honour to ask that the Mysore Government will be pleased to give a Building Grant of Rs 20,000 and a monthly grant for upkeep of Rs 200 per month.

In presenting this application to the most sympathetic and favourable notice of the Government, I would invite special attention to the following facts -

(1) That no Hospital for women and children exists at present either in the town of Hassan or the District.

(2) That our plan includes the training of Nurses and ultimately, a Travelling Dispensary for the villages.

(3.) That we are providing a Lady Doctor of the highest medical qualifications.

(4) That the Hospital will be open to all, irrespective of caste or creed.

Trusting to receive an early and favourable reply,

I have the honour to be,

Sir

Your most obedient servant

T Holloway Newham

To.

K. S. Chandrasekhara Iyer Esq/B.A.B.L.
Secretary to the Government of
H.H. the Maharaja of Mysore
General & Revenue Departments
Bangalore.

Sir,

With reference to your docket
No 2797 / mis 86-06-2 dated the 8th October/06,
forwarding for report together with the
resolutions of the municipal and Dis
-trict Boards, as to whether they are
willing to pay the monthly contribu
-tion of Rs 200/-, for the upkeep of
the Wesleyan Mission Hospital

for

for women and children, at Hassan,
& if so, from what source such a
charge can be met &c, I have the
honor to state that this sub-
-ject was placed before the
Hassan Town Municipal Board,
as also before the District Board,
at the meetings held on the 31st
October and 10th December ult, res-
-pectively. The Boards have passed
resolutions to this effect that
each of them, while recognising
that the Wesleyan mission Zena
Hospital at Hassan is deserving
of help, cannot afford to contri-
-bute more than Rs 200/- per an-
-num, towards the upkeep of the
Institution, since the Hassan
Municipal and the District Board
already

already contribute $\frac{1}{3}$ and $\frac{2}{3}$ cost respectively of the Government Female Dispensary at Hassan, and that sanction of the Government be obtained for providing a sum of Rs. 200/- in each of the Hassan Municipal and the District Fund Budgets of the ensuing year. Copies of the Municipal and the District Board's resolutions are appended for reference.

2. Under the above circumstances, I request that you will be so good as to obtain the early sanction of Government to the resolutions of the Hassan Municipal and the District Boards, so that neces-sary provision may be made in the respective budgets for the ensuing

ensuing year.

3. As regards the building grant of Rs. 20,000 applied for by the Wesleyan Mission, I beg to submit that the request is one deserving of favorable consideration, in a way similar to that of the Wesleyan Mission Hospital for women and children in the Mysore City, the Hospital buildings at Hassan have been completed and the dispensing of medicine to out patients has already been commenced by the Lady Doctor (Miss E. Smith, M.B.) in charge of the Wesleyan Mission Hospital.

I have the honor to be
Sir,
Your most obedient servant

D. Wheelerall

President, Municipal and
District Boards, Hassan Dist
